TECHNICAL SKILLS

Generative & Agentic AI

Prompt Engineering, LLMs, RAG, AI Agents

Frameworks & Platforms

LangChain, CrewAI, Hugging Face, OpenAI, Claude, Google Gemini

Vector DBs & AI Dev

FAISS, ChromaDB, Streamlit, REST APIs, Semantic Search, Document Processing

Programming & Web

Python, JavaScript, HTML5, CSS3, Responsive Design

Databases & Tools

MySQL, MS Excel, Canva, Kling AI, Filmora AI, Leonardo AI

INTERESTS & HOBBIES

Culinary Arts & Cooking

Experimenting with recipes, spice blends, and kitchen creativity.

AI Experiments & Tech

Building mini AI tools, testing open-source LLMs, and prompt engineering research.

SHAHZEB ADIL

GENAI ENGINEER | RAG | PROMPT ENGINEERING | AI AUTOMATION

PROFESSIONAL SUMMARY

Innovative Generative AI Developer with strong expertise in LLM applications, AI automation, and prompt engineering. Proven track record in developing scalable AI solutions using Python, LangChain, Hugging Face, and vector databases to streamline business operations and enhance overall organizational efficiency.

WORK EXPERIENCE

Blupace Technologies — Generative AI Developer

March 2026 – August 2026

- Designed and developed an AI-powered Dispatch Operations Assistant to streamline field service operations through natural language access to engineer details, site info, SLA status, SOPs, and customer documentation.
- Leveraged LLMs and Retrieval-Augmented Generation (RAG) to significantly reduce manual effort, speed up response times, and optimize overall operational efficiency.

Tech Mahindra — Tech Support Engineer

June 2025 – Sept 2025

- Delivered end-to-end technical support for enterprise clients by diagnosing and resolving complex hardware, software, network, and operating system issues.
- Managed remote troubleshooting and incident resolution while strictly adhering to SLAs and ensuring high levels of customer satisfaction.

Cluck & Chuck — Founder / Marketing & Branding Specialist

Dec 2023 – June 2025

- Founded and managed an AI-driven cloud kitchen, overseeing daily operations and brand scaling.
- Utilized advanced AI tools and prompt engineering to create menus, design marketing assets, automate workflows, analyze customer patterns, and drive data-informed business decisions.

Trigyn Technologies — Software Engineer (AI/ML)

Nov 2021 – July 2023

- Architected and built a POC Employee Onboarding RAG Chatbot to assist new hires with HR policies, IT procedures, and company documentation.
- Integrated Prompt Engineering, LangChain, ChromaDB/FAISS, and LLMs to enable accurate, semantic-search knowledge retrieval across onboarding guides, SOPs, and internal FAQs.

Swap-Bro Technologies — Software Engineer

Nov 2019 – Dec 2020

- Engineered and maintained responsive web applications using JavaScript, HTML5, and CSS3 in an Agile setup.
- Built interactive user interfaces, resolved UI/UX bugs, optimized performance, and collaborated across teams to deliver high-quality web solutions.

EDUCATION & FELLOWSHIPS

Professional Fellowship in Data Science & Agentic AI Engineering

July 2026 – Present

AlmaBetter (in collaboration with IIT Patna)

Bachelor of Technology (B.Tech) in Computer Science

2015 – 2019

Dr. A.P.J. Abdul Kalam Technical University

Senior Secondary (Class XII) & Secondary School (Class X)

2014 & 2012

Hartmann College (ICSE)
